

HAT  
height-adjustable desk

ULTRAONE®

## HAT Design

HAT is a revolutionary standing office desk that brings effortless operation to traditional sit-stand products. Ease of use is at the heart of HAT, as it seamlessly adjusts between sitting and standing postures without interrupting workflow. With a minimal aesthetic, HAT complements traditional offices and home workspaces.

### Sit-Stand Quick Switch

HAT features an innovative counterbalance mechanism that enables users with fixed-height computer desks to transition from sitting to standing positions with ease. Its effortless functionality encourages users to be active and integrate movement into their days, which is vital for health.

**Intelligent Application**

HAT has clean, minimal lines that complement its modern functionality. Accommodating multiple sizes and shapes of tops, HAT can easily incorporate into any office or home environment.

## HAT Technology

Using a latest mechanism that replaces older technology, HAT encourages an active workspace by allowing the user to move effortlessly from sit to stand positions.

### 1 Control Panel

HAT featuring OLED control panel with 4 position memories

### 4 Telescope Leg

Three leve telescope leg support allow adjustment range

### 2 Work Surface

High quality LPL work surfaces options available
